THE NAVAL WAR BOARD

Wants Important Strategic Points Surrendered.

MAY BE TOO LATE, THOUGH.

Cessation of Hostilities Has Not Yet Been Ordered.

MERRITT AND MILES ACTIVE.

It is believed the monitors *Monadnock* and *Monterey* are to be used to batter down the fort at Manila if such is necessary.

Washington, Aug. 12.—The naval war board, led by Acting Secretary Allen, called on Judge Day about noon. It is believed their purpose was to impress upon the secretary the importance of making the surrender of important strategic points at the entrance of harbors, such as Morro castle at Havana harbor, a condition for the cessation of hostilities.

A rumor was put afloat in the afternoon to the effect that Secretary Allen, in anticipation of the beginning of the formal peace negotiations, had cabled General Miles and General Merritt, in Porto Rico and the Philippines respectively, orders that looked toward a cessation of hostilities.

When his attention was directed to this rumor, Secretary Allen promptly pronounced it to be without foundation, and as absurd, and his words were practically repeated with emphasis by Adjutant General Corbin, through whose hands any such messages must pass.

As a matter of fact General Miles is pressing forward with the greatest energy and Merritt undoubtedly is pursuing his campaign in Luzon. It is stated positively that he is under no restraining order from the war department, but that it is left entirely to his own discretion when and how to attack Manila.

MONITORS TO BE USED.
Inasmuch as it has been reported from Cavite that he was simply awaiting the arrival of the double turreted monitor *Monadnock*, it is presumed this attack will soon follow if it has not been made already, for according to the calculation of the navy department the *Monadnock* is about due now at Cavite.

While not quite clear as to General Merritt's purpose in deferring his attack until the vessel arrives, it is the opinion of the military officials that his plan is to plant the two monitors, *Monterey* and *Monadnock*, directly within range of the Manila batteries and if a demand for surrender is refused, to batter down those defenses. Only fully armored vessels can be safely employed in such work, hence the delay on account of the nonarrival of the *Monadnock*.

Secretary Allen cabled to General Miles to apply immediately to the Porto Rican ports captured by him the tariff drawn up by the government for Santiago and other Cuban ports. This is in line with the policy of the war department of extending the American system of tariffs as rapidly as possible over captured territory.

The settlement of the details of the evacuation of Cuba and Porto Rico is already receiving the earnest attention of the officials. Some provision is to be made for the treatment of the Spanish prisoners and for the disposition of the small arms and the artillery and war stores.

DISPOSITION OF NAVAL PROPERTY.
There is also some naval property of value remaining in Cuban and Porto Rican ports and it is a question whether or not this should be demanded by us or be allowed to remain in Spanish possession.

The conclusion has been reached by Secretary Allen to refer these matters to a military commission and Adjutant General Corbin is now looking up precedents for the guidance of such a commission.

Possibly this commission would meet the question raised by the naval war board as to the propriety of holding Morro Castle as a pledge until the formal signature of a treaty of peace.

The ordnance department of the army has succeeded at last in securing a smokeless powder adapted for use in the Springfield rifle, with which nearly all the volunteer troops are armed. The powder used with the small bore repeating rifles was too powerful and a special powder had to be procured.

This is now coming in from the manufacturers and being turned into fixed ammunition in such quantities as to warrant the belief that even should the war continue our soldiers would

not be again exposed to the danger encountered at the battle of El Caney, through the betrayal of their presence by the blinding smoke of the Springfield.

First Division Safe.
Saint Jago, Cuba, Aug. 12.—The transports *Manteo* and *Berkshire* sailed north with the Twenty-first regiment and the balance of the Seventy-first, thus completing the embarkation of the First division. The embarkation of the Second division will begin at once.

Very Important Capture.
Ponce, Porto Rico, Aug. 12.—General Ernst's brigade captured Coamo. Sixteenth Pennsylvania, Colonel Hulings commanding, led by Lieutenant Colonel Biddle of my staff, having made a turning movement through the mountains, striking the Alibonito road half a mile beyond town, captured the entire garrison of Coamo—about 150 men. Spanish Commander Illero and Captain Lopez killed. Our loss reported six wounded—only one severely. Men and officers behaved excellently. Colonel Hulings and Colonel Biddle are especially to be commended. This is a very important capture and well executed.

VERY GRATIFYING
Was the News That Spain Had Signed Peace Protocol.

Washington, Aug. 12.—The bulletin from Madrid announcing that the Spanish cabinet had approved the peace protocol and that the French ambassador would receive instruction to sign it, was very gratifying to the administration, but it was expected that such would be the course of the Spanish government. Immediately after the document is signed both governments will begin carrying out its provisions.

The first will be the cessation of hostilities, followed immediately by the occupation of Manila by General Merritt and the United States troops under his command, the occupation of San Juan in Porto Rico by General Miles and the evacuation of that island by the Spanish forces.

It is believed there will be delay in the evacuation of Havana, because of the evacuation of Havana, Matanzas and other Spanish strongholds in Cuba, as some difficulties are anticipated in arranging for a proper form of government of Cuba and because there is no desire to hurry American troops into the island at the present time, the preference being to wait for cooler weather.

There is good authority for the statement that Secretary Day will be at the head of the peace commission and that two United States senators will be members of it.

Senator Allison of Iowa and Senator Gorman of Maryland have been prominently mentioned for places on the commission and it is known that they have been under consideration by the president.

It is also believed by members of the administration that the commission can complete its work in time to cause an extra session of congress to consider legislation which the treaty of peace will necessitate, although there is a prospect that an extra session of the senate might be called in November to consider the treaty of peace.

Promise to Behave.

San Francisco, Aug. 12.—The mutiny among the recruits of company C and D of the Tenth Pennsylvania regiment Tuesday, on the grounds alleged that their rations were insufficient, is, in the words of Lieutenant Colonel Barnett, their commanding officer, "a closed incident." Their serious offense has been condoned, their arms returned to them and three noncommissioned officers concerned relieved from degradation. The men show a grateful appreciation of Colonel Barnett's leniency and promise to behave like soldiers hereafter.

Commissary Stores for Merritt.

San Francisco, Aug. 12.—Five thousand tons of commissary stores will be sent to General Merritt by a special steamer. The provisions will be rations for 20,000 soldiers for several months. All the stores will be purchased from firms on the Pacific coast. The transport *Arizona*, with the Seventh California regiment, and enough recruits to make up the ship's complement, will sail Sunday.

Nothing Definite Done.

New York, Aug. 12.—President Thomas of the Chicago, Indianapolis and Louisville Railway company, referring to the rumors of the absorption of that road by the Cleveland, Cincinnati, Chicago and St. Louis railroad, said that while there have been several conferences between officials of the two roads, nothing definite has been done yet.

Two Privates Killed.

Washington, Aug. 12.—A dispatch has just been received at the war department from General Schwan, commanding a brigade under General Miles in Porto Rico, saying he had an

engagement a few miles from Mayaguez with a large Spanish force, in which two privates were killed and Lieutenant Riley was wounded in the foot.

Not Well Equipped.
New York, Aug. 12.—Many of the soldiers at Montauk camp are still without shelter. There are nearly 50 sick soldiers in the hospital tents who are without comfortable beds or good nourishment. Fresh milk is needed for the typhoid patients.

Aid For Troops at Manila.
Philadelphia, Aug. 12.—Secretary French of the National Relief commission, cabled to United States Consul General Wildman at Hong Kong, \$1,000 with instructions to use the money to buy food and supplies for the troops at Manila.

At the Point of Death.
Vallejo, Cal., Aug. 12.—Read Admiral Kirkland is very low, the physicians having to resort to artificial respiration to keep him alive. He is so weak that he is unable to raise the blood accumulating in the throat.

Appointments Made.
Saint Jago, Cuba, Aug. 12.—Major General Henry W. Lawton, United States volunteers, has been appointed military governor of the Department of Santiago, and Brigadier Leonard Wood, United States volunteers, has been requested to remain governor of the city of Santiago under General Lawton. Brigadier General Ezra P. Ewers, United States volunteers, has been appointed governor of the city of Guantanamo.

OHIO BOYS

Washington, Aug. 12.—The war department has received a dispatch from General Miles, under date of Ponce, Aug. 10, as follows:

Have established telegraphic communication with General Brooke, who reports that in a skirmish on the 8th with the enemy, about three miles north of Guayama, General Hains forced the enemy to retreat. The following men of the Fourth Ohio were wounded, none killed: Captain Edward O. Thompson, company K, in right breast; Privates Samuel J. Jones, right knee; Noble W. Haniacker, company C, in ankle; Harry S. Haines, company C, in right foot; William Jeddington, company A, in right hip.

Left For Jacksonville.
Indianapolis, Aug. 12.—The One Hundred and Sixty-first Indiana regiment broke camp here and left over the Big Four railroad for Jacksonville.

Ex-Mayor Sutor's Will.
San Francisco, Aug. 12.—The will of the late Adolph Sutor provides liberally for his children and near relatives, and close friends are also remembered. The will sets aside for charitable and educational purposes 1,000 acres of valuable land south of Golden Gate Park in this city. It makes no mention of Mrs. Kluge, a widow who some time ago made a public announcement of her marriage to the deceased millionaire, by whom, she claims, she bore two children. Mrs. Kluge says she knows of a later will and will make a contest. The value of the estate is generally believed to be in the neighborhood of \$4,000,000.

The Strike Spreading.
Cleveland, O., Aug. 12.—There was a considerable extension of the wire workers' strike. The men in the Baackes works, one of the three trust mills in this city, have heretofore refused to strike, the union not having an organization in the plant. Thursday, however, when the shifts were changed, the strikers forced their way into the mill and "induced" about 100 nail makers and wire drawers, who represent the best skilled labor in the works, to strike.

Ohio Lady Elected Chaplain.

Rock Island, Ill., Aug. 12.—The national encampment of the Union Veterans' union elected R. C. Drenforth of Washington, who brought to the retiring commander, General H. L. Street, a commission from President McKinley as captain and commissary in the army, commander-in-chief by acclamation. Mrs. Livina Fay of Akron, O., was elected chaplain.

Never Such a Rush.

Buffalo, N. Y., Aug. 12.—Since the Horton law legalized boxing contests in the state of New York there has never been such a rush for seats at a flat exhibition as is now coming in daily to the Hawthorne Athletic club officials of this city, before which club Corbett and McCoy will meet on the tenth day of next month.

Russia Makes a Threat.

St. Petersburg, Aug. 12.—Russia threatens to invade India in case England does not allow the czar to have his own way in Chinese territory.

AN IRATE HUSBAND

Does Some Wholesale Slaying Including Himself.

Deadwood, S. D., Aug. 12.—Three men dead and a woman dying is the net result of a shooting affray at Central City. Judge J. P. Giddings, Ed. Shannon and Jack Wear are the men and Mrs. Shannon is the woman. Shannon had a boarding house.

Shannon returned to Central City and roused Judge Giddings. Just what happened no one knows, but the two men suddenly burst into the street engaged in a death struggle. Shannon had a revolver.

Jack Wear tried to separate them and was shot through the body, dying instantly. Shannon then shot Giddings through the head, killing him. He went to his wife's bedroom and beat her about the head with his revolver until he thought he had killed her and then with a fresh revolver shot himself.

The woman is still alive, but can not recover. All the parties are pioneers and were well-to-do. Intimacy between Giddings and Mrs. Shannon is given as the cause of the tragedy.

American Protestant Association.

Scranton, Pa., Aug. 12.—The national convention of the American Protestant association finished its business and adjourned to meet next August at Pittsburgh, where will be celebrated the semi-centennial of the organization of the order. Officers were elected as follows: Charles Kicker, Missouri, right worthy grand master; William Cunningham, Philadelphia, vice right worthy grand master; L. H. Luedeman, O., grand secretary; Theodore T. Massey, Pennsylvania, assistant grand secretary; James P. Park, Philadelphia, grand treasurer.

Can Not Be Deferred.

Washington, Aug. 12.—Although the navy department has concluded that in the interest of better speed for the three new battleships to be built it cannot afford to defer the reception of bids beyond the period fixed in the original advertisement bidders will have an opportunity to base estimates upon plans for battleships superior in speed to the Illinois type.

Maysville, Ky., Aug. 12.—Miss Jennie Sly, 25, daughter of the late Attorney Sly of Ripley, O., who was found wandering on the Kentucky side of the river raving mad, has been turned over to the Ohio authorities. She had been for a year an inmate of the Dayton (O.) asylum, but was released as cured.

SPAIN ACCEPTS TERMS

Authorizes M. Cambon to Sign the Protocol.

CONDITIONS NOT CHANGED.

The Dons Expect Hostilities to Cease at Once.

THIS WILL PROBABLY OCCUR.

It is said the Peace Commission Will Meet in Paris to Complete the Treaty Which Will Exclude Spain From Western Hemisphere.

Madrid, Aug. 12.—The government has received the American protocol and the cabinet council has approved it. The government has wired M. Cambon empowering him to sign the preliminaries of peace.

Thursday was diplomatically one of the busiest days since the outbreak of the war. There was no fewer than three cabinet councils in addition to various diplomatic conferences.

Though the text of the protocol was not received until the evening was well advanced, the government had been made fully acquainted with its contents through Paris.

The matter was practically settled at the cabinet meeting in the afternoon, and the receipt of the actual document, therefore, only required a meeting of the cabinet for a formal acceptance.

Ministers adhere to the statement that the protocol contains no modification of the original terms, but only new suggestions. They expect it will be signed at once and that a suspension of hostilities will be announced.

Duke Almodovar de Rio, minister of foreign affairs, says the negotiations for the peace treaty will take place in Paris, but he says the commissioners have not yet been appointed.

The terms of the protocol will not be published until the instrument has been signed.

MAYOR OF CALDWELL

Is Notified That "Dear Lorilla" Was Lynched at Clarendon.

Clarendon Ark., Aug. 12.—This little city has assumed its usually quiet condition. The bodies of the four negroes, victims of Tuesday night's mob, were buried across the river.

The body of Mrs. John T. Orr, who killed herself in jail, has been removed to her residence for preparation for burial. Her little 3-year-old baby is with E. A. Faifer, a friend of the family.

Wallace Graham, Mr. Orr's partner in business, has received a letter from Mrs. Orr's stepmother at Mauston, Wis., but has not made the contents public. Mrs. Orr's remains will probably be sent to her father in Mauston for interment.

Deputy Sheriff Milwee read the letter written to Mrs. Orr, who used the name of her negro servant in her correspondence with Mayor Archer of Caldwell, O. He replied as follows: "Arthur O. Archer, Ohio's Only Real Kid Mayor, Caldwell, O.: Your dear Lorilla was lynched here. Please wire disposition of the remains.—R. F. Milwee."

To this Archer replied that there must be some mistake, as he did not know Lorilla.

The corps of the murderess lies in the courthouse while hundreds of people pass and view the remains. This was done by the authorities to still the suspicion that Mrs. Orr was not dead, but had been spirited away.

Sensation in the "Upper Crust."

St. Louis, Aug. 12.—A sensation in upper social circles of St. Louis was caused by the elopement and marriage of Charles R. Drummond, youngest son of the late James T. Drummond, the millionaire tobacco manufacturer, and Miss Ringen, well known as an accomplished horsewoman and daughter of R. Ringen, the wealthy stove and hardwareman of this city.

Official Denial Made.

Washington, Aug. 12.—War department officials deny generally the assertions of discomfort and ill usage of troops reported from Montauk Point. The quartermaster's department, which has had charge of opening the camp, says that good progress has been made in the four days since the order was issued establishing it.

WHAT a wonderfully modest man Sampson must be, to be sure, and how gullible he must consider the American people!

WHEN Secretary Long can make people believe that black's white then, and not till then, will he make them believe that his special favorite, Sampson, and not Schley, is the man to whom belongs the praise and honor of having destroyed the Spanish fleet at Santiago.

THE wheat crop in Kansas amounts to 62,000,000 bushels. That would make \$62,000,000 for the farmers of Kansas at the price wheat was bringing last spring. Speculators, however, have forced the price down to 65 and 70 cents, and unless the farmers of the State hold their crops a few months they will be out about \$20,000,000.

WE could not get a tent that night, and so had to sleep under the heavens. The meals we got were very unsatisfactory. The eatables had been packed in a box that had contained blankets, and the smell of the camphor ruined all there was in it.

The next day (May 27) I took sick and was sent to the hospital. The left side of my head hurt as if it was going to split. I had fever. My temperature was up to 104.

I stayed in the hospital twelve days, lying in a tent on the hard ground with only one blanket under me. The attendance was bad, and sometimes I did not get medicine for days, nor did the doctors look at me or ask any questions. All the medicine I got there was quinine pills and afterwards strychnia tablets.

My food was brought me from the company and I had to eat just what the other men that were well ate. The food consisted, at first, mainly of black coffee, hard-tack and bacon, afterward bread, black coffee, beans, potatoes and beef. The food was not cooked for a sick man.

After twelve days I was discharged, for my appetite was good and the fever had left me. That was June. I did not go out for drill for the next two days. I was too weak and the Captain told me I had better stay in quarters. We had inspection in heavy marching order June 10th. I had to stand for nearly an hour in the hot sun and it turned me sick at the stomach.

I could hardly stand. I must have turned deathly pale, for when the Colonel walked down the line he asked me whether I was sick and told me to go to my quarters. June 11th I was taken to the hospital again, for typhoid hemorrhage had begun. I was too weak for duty. I was in the hospital three days, and then the doctors of the regimental hospital said that they had no medicine to cure me and sent me to the division hospital. I stayed there three days, had only one dose of medicine, three tablets and one teaspoonful of some very bad tasting medicine. Then the doctors sent me back to quarters.

Such is the pitiful story taken from the diary of a young man who enlisted in the Second Kentucky Regiment at Newport, and was sent to Camp Thomas, Chickamauga, on May 26th. He was returned to his home at Bellevue a few days ago and died there this week of typhoid fever. Particular attention is called to what he says about the "doctors" and the medicine. There is no question that his death was due largely to the lack of proper treatment and care. The doctors "did not look at me, or ask any questions." A nice lot of surgeons indeed to be placed in charge of the unfortunate soldiers who are sick. Such "doctors" are a disgrace to their profession. No wonder the army hospitals are filled with typhoid fever patients, and that the death rate in the camps threatens to soon exceed that in all the battles that have been fought during the present war. The Nation is able to properly care for the sick soldiers, the people are cheerfully contributing the funds for that purpose and it is an outrage and disgrace that the sick should be neglected and allowed to die. Let the men responsible for such a condition of affairs be ferreted out and promptly punished.

How To Look Good.
 Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look; if your stomach be disordered, you have a dyspeptic look; if your kidneys be affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and give a good complexion. Every bottle guaranteed. Sold at J. J. Wood & Son's drug store. Fifty cents per bottle.

WILLIAMS WON.

Boyd County's Candidate Nominated on the Eighty-Sixth Ballot.

It Was the Field Against Mason's Gallant Son—Final Vote: Kehoe 51 53-126, Williams 55 73-126.

'Twas the field against the man from Mason County in the Democratic Congressional convention at Cynthiana, and the field finally succeeded in winning over Mason's eloquent young son, the gallant James N. Kehoe.

The final test came on the eighty-sixth ballot Thursday afternoon about 4 o'clock, and the Hon. Mordecai Williams, of Boyd County, won.

Several ballots were taken at the morning session without any material change, and at 10:30 the convention adjourned until 1:30 in the afternoon.

Shortly after reassembling in the afternoon the surprise of the convention came in the withdrawal of the name of Hon. Waller Sharp, of Bath, who all along had been one of the leading candidates. His vote was distributed among Kehoe's three remaining opponents, the bulk of it going to Williams.

The balloting then continued, and, after repeated efforts, a motion was finally put through, after the eighty-third ballot, to drop the hindmost candidate on next ballot, and continue on each succeeding ballot until a nomination was reached.

Mr. W. T. Cole, of Greenup, was dropped on the eighty-fourth ballot, and Col. Frank Powers, of Grayson, followed him on the eighty-fifth. Then came the final test with the following result:

KEHOE.	
Bracken.....	9
Fleming.....	10
Greenup.....	7-9
Harrison.....	61-2
Lewis.....	7
Mason.....	13
Nicholas.....	21-7

Nicholas.....	66-7
Rowan.....	3
Total.....	55 73-126
Total vote.....	107

After this, speeches were made by Mr. Williams, accepting the nomination and thanking the convention for the honor, and by Mr. Kehoe, Mr. Cole and others pledging the ticket their support. Mr. Kehoe was very eloquent in his remarks, and crowds gathered about him at the close to shake hands with him.

There was a strong sentiment in many counties of the district against any one from Mason County this time, and this figured very largely in Mr. Kehoe's defeat.

Hon. Mordecai Williams is one of the best citizens of Boyd County, and a gentleman of the highest character. He is a farmer and business man, and one of the most liberal citizens in Boyd County.

ORDERED SOUTH.

The Fourth Kentucky Regiment Will Join General Lee's Division at Jacksonville, Florida.

LEXINGTON, KY., August 10.—Orders were received from Adjutant General Corbin to-night for the Fourth regiment to proceed to Jacksonville, Fla., as soon as possible, there to be assigned to the Seventh Corps under General Fitzhugh Lee.

Camp will probably be broken Wednesday and the regiment will leave that afternoon.

These orders are a result of Colonel Colson's visit to Washington and his pull with the authorities there. The camp is wild with excitement and delight to-night and officers and men are overjoyed.

The order was as follows:

Colonel D. G. Colson, Lexington, Ky.: By direction of the Secretary of War, you will proceed as soon as practicable with your regiment to Jacksonville, Fla., and report to the commanding General there. Upon receipt of this order you will at once communicate with the Chief Quartermaster at Chicago for ten days' field rations, the necessary travel rations and coffee money.

The Quartermaster General and Commissary General have instructed the Chief Quartermaster and Chief Commissary as above to provide the transportation, rations and coffee money. Telegraph day of departure to the commanding General of the Eleventh Corps, also to this office, specifying amount of tentage, kind and calibre of arms and ammunition taken with you. Acknowledge receipt.

By order of the Secretary of War.

H. C. CORBIN, Adjutant General.

Just what day the Fourth will move can not be told with certainty, says the Herald. Wednesday seems to be the most probable time. Things could be gotten in shape at Camp Corbin to move Monday, but Lieutenant Supplee thinks it will be the middle of next week before transportation and travel rations can be arranged.

One day's travel rations are already here stored in the Commissary's office, but it will be necessary to have sufficient for two days.

It is Colonel Murray's opinion that from Jacksonville the regiment will immediately go to Cuba, there to do garrison duty and await the fall campaign against Havana, should peace not be declared in the meantime.

TO BE MADE PART OF REGULAR ARMY.

LEXINGTON, KY., Aug. 11.—Colonel D. G. Colson, Fourth Kentucky Volunteers, has a gubernatorial boom awaiting him.

His friend, John Wood, of Mt. Sterling, has started the movement. One of the officers of the Fourth Regiment said this

morning that he did not believe Colonel Colson would accept the Republican nomination for Governor. The officer said:

"The Colonel could not afford to give up a good life-time job for the privilege of running for Governor of Kentucky, and probably get beat at that."

"What do you mean by a life-time job?" was asked.

"Why, you know, Colonel Colson is going to belong to the regular standing army. The army is to be increased to 100,000 men, and the Fourth Kentucky Volunteers will be one of the regiments that will stay in Uncle Sam's service after all the details of peace shall have been perfected. I get my information direct, and you can depend on it."

RIVER NEWS.

Still Rising Fast at This Point With Over 37 Feet on Marks—Crops in Bottoms Flooded.

At 9 o'clock this morning the marks here showed a stage of 37 3-10 feet and it was still rising three inches an hour. The top of the rise, however, ought to reach here by to-morrow morning as the Kanawha was falling at Charleston yesterday afternoon. The highest stage reached at Charleston was 36 feet. Up on the Big Sandy a stage of 40 feet was reported.

All the creek bottoms have been flooded, and the crops in these bottoms will prove a total loss. The Scioto valley is also under water, and the loss in that valley alone is placed at \$100,000.

The Pittsburg coal fleet is returning home with big tows of empties.

There is a stage of over 12 feet at Pittsburg and some coal boats were sent out.

The Queen City will pass down this evening and Bonanza to-night. The Nesbit is to-night's packet for Pomeroy.

MASON, CITY, W. VA., August 11.—The heavy running of water out of the Kanawha river makes the current of the Ohio river here, fifteen miles above the Kanawha, almost dead water, for the first time in years.

ONE FARE FOR TRIP.

Knights of Pythias Are to Be Treated Fairly.

EASTERN ROADS GIVE UP.

They Had Declared War Against All the Western Cities Which Had Failed to Pass Anti-Scalping Ordinances.

Indianapolis, Aug. 12.—Word was received here that the trunk lines have granted a rate of one fare for the round trip on account of the Knights of Pythias biennial encampment to be held here during the week of Aug. 22 to 27.

The eastern roads have steadily refused to make any concessions to western cities which failed to pass anti-scalping ordinances, and Indianapolis, being unable to pass such an ordinance on account of conflict with state laws, had lost all hope of getting a favorable rate.

The western passenger associations have already made a rate of 1 cent a mile for the encampment.

More Records Broken.

Indianapolis, Aug. 12.—More record breaking and more sensational finishes marked the second day of the national meet of the League of American Wheelmen. One serious accident knocked Arthur Gardiner out of the final of the great American \$1,000 handicap race, and nearly placed plucky Bill Martin hors du combat. Fred J. Costello of St. Louis won and Bald broke the handicap record by 9 4-5 seconds. Collett of New Haven took the quarter mile championship and Bald won the half mile national championship.

A Widow's Woes.

Louisville, Ky., Aug. 12.—Mrs. Mary E. Cox, widow of a Union soldier, at the beginning of the Spanish war had five stalwart sons. All desired to enlist, but they couldn't leave mother alone, and drew lots to see who should remain. Thomas was the chosen one, and the others enlisted. Wednesday Thomas was burned to death, and the other sons are either in or near to Cuba.

Tollgate War Continues.

Dillsboro, Ind., Aug. 12.—The tollgate war between the traveling public and the Aurora and Laughter Turnpike company still continues. The Niebrugge bus line is the latest to take a stand against the company, claiming that the pike is not kept in repair and that the company's charter has expired. This point will be legally contested on Saturday.

Death Verdict Set Aside.

Liberty, Ky., Aug. 12.—J. J. Moore of Boyle county was given a verdict for \$17,000 against the Stanford Turnpike company for alleged carelessness in causing the death of his daughter while oldiers were guarding the gate near Danville last winter. He sued for \$30,000. Thursday the verdict was set aside by Judge Jones, on the ground of being excessive.

Farmland, Ind., Aug. 12.—The 16-year-old son of Rufus King, while assisting in thrashing, had a wheat beard lodge in his throat. It could not be extricated, and he died within a few hours, in great agony.

A UNIQUE HONOR.

Brigadier-General McKibben the First United States Military Governor in Cuba.

Brigadier General Chambers McKibben, who temporarily acted as military governor of Santiago and was the first American to hold sway in a Cuban city, achieved a unique distinction. As aid-de-camp to General Shafter he had the honor of first raising the stars and stripes over the city.

General McKibben was born in Chambersburg, Pa., in 1838, and was the

BRIGADIER GENERAL MCKIBBEN.

youngest of 13 children, four of whom served their country in the army.

General McKibben came of fighting stock and early in the civil war enlisted as a private in the regular army. He was immediately afterward appointed second lieutenant, and his first promotion came to him in 1864, when he was made first lieutenant. He was brevetted captain for gallant services in battle the same year and at the conclusion of the war, deciding to remain in the army, he was promoted to be captain in the Thirty-fifth infantry. In 1892 he became major of the Twenty-fifth infantry, and in 1896 was promoted to the lieutenant colonelcy of the Twenty-first infantry. He held this rank when he went to Cuba. His services at the battle of Santiago were of so distinguished a character that he was specially mentioned in General Shafter's official report. He was among the officers recommended for promotion, and a few days later the president made him a brigadier general of volunteers. General McKibben's home is in California.

Of his three brothers who entered the army General David McKibben served in the Mexican and Indian wars and upon the breaking out of the civil war was appointed assistant field officer to General McClellan. He was brevetted brigadier general of the regular army at the close of the war. Another brother, Robert, served with distinction in the civil war, and when it ended was a brevet lieutenant colonel.

A Great Book Free!

When Dr. R. V. Pierce, of Buffalo, N. Y., published the first edition of his great work, The People's Common Sense Medical Adviser, he announced that after 600,000 copies had been sold at the regular price, \$1.50 per copy, the profit on which would repay him for the great amount of labor and money expended in producing it, he would distribute the next half million free. As this number of copies has already been sold, he is now giving away, absolutely free, 500,000 copies of this most complete, interesting and valuable common sense medical work ever published—the recipient only being required to mail to him, at above address, twenty-one (21) one-cent stamps to cover cost of mailing only, and the book will be sent post-paid. It is a veritable medical library, complete in one volume. Contains 1008 pages, profusely illustrated. The Free Edition is precisely the same as that sold at \$1.50 except only that the books are in strong manilla paper covers instead of cloth. Send now before all are given away.

Tribute To the Memory of Eva W. McDaniel. When first my eyes beheld thy lovely form, It shone as bright as May's first morn, It seemed so pure and chaste within As if it never knew no sin. I watched the rose upon thy cheek, It grew so pale and then so meek, Became a living monument of all that Christ would have us seek. He claimed that life all for his own, As in her face his love hath shown Divine submission to be God's own. When the pale monster threw his arms, Still her sweet face lost not its charms, But beckoning mother to her said If this be death I'm not afraid. And now dear mother, brother, sister dear, Tho' she is gone and you left here, She'll live a star in yonder sky And bid loved ones come up on high. H. A. K. One who loved her.

The singing will be in charge of Prof. Crabbe, of Ashland, assisted by a splendid choir, which is an assurance that the music will be all that could be desired. A splendid addition has been made to the hotel, giving ample accommodations to all. The promenade grounds have been extended, a new stable built and many other improvements made, the grounds are beautiful, and best of all there is an abundance of pure water—two large cisterns, three wells, one of which is 120 feet deep, the water of which we have had analyzed, and it contains the following medicinal properties: Total solids, 3.6 to the liter; soluble salts, 3.16 to the liter; consisting of chlorides and sulphate of magnesium, sodium and potassium; insoluble salts, 0.44 to the liter; consisting of calcium carbonates with traces of iron.

The hotel and confectionery will be in charge of Hamrick Bros.; stables, Mr. Foxworthy, of Mt. Carmel; baggage room and barber shop, Wallingford & Owens.

The meetings will be in charge of Revs. G. B. Frenger and J. G. Dover, Presiding Elders of the Covington and Ashland districts.

Any one too poor to pay admitted free. Good order will be maintained.
